1. Scope

This Code applies to enrolled students of Coláiste Cois Siúire. Prior to a student's commencement of their enrolment in the school, Parents/guardians will be asked to read this Code (and any accompanying documents referenced within) and sign a declaration indicating their acceptance and cooperation with this policy. An applicant will be refused admission to the School if a parent/guardian refuses to sign this declaration.

This policy relates to all school activities and school-based activities both during and outside of normal school hours. It also applies to any out-of-school behaviour by students of the school that is perceived by school management to be damaging to the good order, reputation and proper administration of the school and school policy and procedure, and, the health, safety and welfare of students and staff.

This Code of Behaviour has been developed in consultation with all the School's partners, including Kilkenny and Carlow Education and Training Board (KCETB), the Board of Management, Staff, Parents and Students. This Code of Behaviour complies with statute and common law, in particular the Education Act 1998, Equal Status Act 2000, Education (Welfare) Act 2001, Education (Admissions) Act 2019, EPSEN Act 2004 and other relevant legislation.

2. School Mission and Ethos

2.1 Mission Statement

Coláiste Cois Siúire recognises that each student is unique and has individual needs. It is the aim of the school to assist all students to fulfill their potential both educationally and personally, and to become socially responsible adults.

The School seeks to provide a caring and committed environment where all partners are actively involved in helping our Students fulfill their potential. This partnership aims to foster the holistic development of all our Students in a supportive, safe environment of mutual respect, which develops the uniqueness of each Student. This Code has been developed in line with the mission of the School's Trustees, KCETB, whose characteristic spirit and philosophy has at its core, the care of the Students.

3. Rationale

Conforming to the statutory obligation in Section 23 of the Education (Welfare) Act 2001, a recognised school is required to prepare, for the information of students and their parents, a Code of Behaviour in respect of students registered at the school.

Under Section 15(1) of the Education Act 1998 the Board of Management has a responsibility to provide, or cause to be provided, an appropriate education for each student at the school and has a duty of care to ensure as far as practicable the health and safety of the students and the staff.

The Board of Management set out this Code of Behaviour in order to:

- Ensure the safety of all members of the school community both on the school premises, on school-based activities and at other times when students are perceived to be under the school's duty of care
- Ensure that all members of the school community are aware of the conditions deemed necessary for highly effective teaching, learning and assessment to take place
- To assist students in learning qualities necessary to contribute positively to society such as, but not limited to, mutual respect and courtesy, personal responsibility, lawful behaviour and empathy
- To prepare students for life outside of and after secondary school

Our Code is one that recognises the individual needs of all students whilst striving to provide an environment where the welfare of all students is protected.

4. Goals/Objectives

The aims of the Code of Behaviour

- To facilitate the delivery of the curriculum, as laid out by the Department of Education and Skills (DES), for all students of the school
- To conform to the statutory obligation in section 23 of the Education (Welfare) Act 2000 that obliges recognised schools to prepare, for the information of students and their parents, a code of behaviour in respect of students registered in the school
- To provide each student the right to expect an orderly, predictable, pleasant and secure environment in which to learn and grow
- To create a safe, secure learning environment for all students by promoting a culture of mutual respect and shared accountability amongst all members of the school community
- To have effective procedures in place which will allow for the day-to-day running of the school, enabling staff to deal with incidents of misbehaviour and indiscipline that may arise and that conforms to the demands of current legislation
- To promote and acknowledge good behaviour and help students acquire good habits of discipline and behaviour

- To help all involved in the school community understand the positive standards of behaviour that are expected of students in the school
- To ensure that all members of the school community have an understanding of the Code of Behaviour, the rationale for having it and an understanding of the strategies used to manage behaviour in the school.

5. Roles and Responsibilities

Each member of the school community has a responsibility to promote good behaviour and a role to play in dealing with minimising negative behaviour as is outlined in the following subsections

5.1 Students

Students are expected to abide by the Code of Behaviour, as is interpreted by school management, at all times

5.2 Parents/Guardians

Parents/Guardians are required to accept the school's Code of Behaviour as presented and to ensure their son/daughter comply with it, as is interpreted by school management

5.3 Teachers

Teachers have an important responsibility to participate in the behaviour management process and in overseeing the implementation of the school's Code of Behaviour

5.4 Other Staff

Other staff members are required to adhere to the implementation of the school's Code of Behaviour. In particular they have a responsibility to report incidents of both misbehaviour and positive behaviour that they witness

5.5 School Management

Interpretation and deliberation of this policy will be made by school management and ultimately by the Principal or those who may be required to act on his/her behalf. The decision of the Principal is final. This does not affect statutory rights

5.6 Board of Management

The Board of Management is the decision making body of the school. The school's Code of Behaviour Code has been developed with the Board's authority. KCETB has devolved the authority to the Board to suspend or expel a student. The Board is not involved in day-to-day procedures in the school and has given the Principal, and those who act in this role, the authority to suspend a student. It is the body to which parents/guardians/students over eighteen years of age can appeal in cases of suspension imposed by the Principal. Suspension or expulsion imposed by the Board of Management may be appealed to

KCETB. The School will supply parents/guardians or Students, eighteen years or older, with the appeal forms to be used to appeal an expulsion or suspension to KCETB or the Department of Education and Skills upon request.

5.7 Kilkenny and Carlow ETB

KECTB is the patron to the school. It is the body to which parents/guardians/students over eighteen years of age can appeal in cases of suspension or expulsion made by the Board of Management.

6. Rules and Regulations for Students

6.1 Attendance

Under the Education Act 2001, the school is obliged to keep a record of each student's attendance in the school. Under this Act parents/guardians are required to inform the school in writing in the relevant section of the student journal the reason(s) a student may be absent. Absences of more than 20 school days must be reported to the Education Welfare Officer in accordance with the Education Welfare Act (2001). Students with chronic absenteeism must be referred to child and family services (TUSLA).

Students are required to bring a note of explanation on returning to school following an absence. Students who are not explaining absence(s) using the relevant section in the school journal will be placed on Friday lunch-time detention consecutively until a note is received.

Maximising student attendance is important to enable students to optimise their learning experiences, and, fully enhancing their social, emotional and personal wellbeing and growth.

Students are in the school's Duty of Care from the time that they arrive in the morning until the time that they leave in the evening (and on all school-based activities irrespective of times). All students are required to stay on school grounds at all times within school hours with the exception of sixth year students only in the academic year 2020/21. Sixth year students who wish to avail of the privilege of leaving the school grounds during the day may do so at lunch time only and must first submit a consent form to gain parental permission. School management may revoke this privilege at any time.

If a student is absent from class/school without permission, it will be regarded as a serious matter and the school will apply an appropriate sanction. In the event of a repeated absence from class/school without permission, the student will not be permitted to attend school again until both parents and student have met with the Year Head and

Deputy Principal or Principal.

6.2 Punctuality

A good record of punctuality is an essential part of any student's preparation for life as well as being essential to the smooth running of the school, to the continuity of teaching and learning and the overall educational attainment of a student. *Late* is defined as a student who is not present where they should be, when they should be.

If a student is late to school, they should:

- Bring a note from their parents/guardians in the relevant section of the school journal

If Tutorial is still in progress:

- Go directly to Tutorial and present the note to the Tutor who marks the student present

If Tutorial is over:

- Go directly to the Year Head and present their note of explanation. The Year Head will mark the student present.
- If the Tutor or Year Head is not available, students *must* notify the Deputy Principal or Principal of their late arrival before going to class.

Any student who does not inform/sign-in with their **Tutor or Year Head** as described above will incur an automatic lunch-time detention each time this occurs.

Where a student is late with no *valid written* explanation in the school journal a late demerit is recorded on VSWare. A student who is late **three times** in a half-term will receive a lunch-time detention.

Concerns around punctuality (whether explained or not) will be reported to the Year Head and HSCL who may make contact directly with the parents.

If a student is late to class

Students should arrive on time for all classes. Unacceptable disruption to valuable class time is caused by lateness. This is unfair to students and the teacher who are already engaged in teaching and learning.

- If a student is late for class a note is required from a teacher/staff member explaining the reason.
- If there is no note presented, the subject teacher should record this in their own

class records and may issue a sanction.

6.3 Uniform 2020/21

Students must wear school uniform on all school days unless otherwise informed by school management.

The CCS uniform consists of:

- Boys Grey school trousers
Girls – Grey school skirt or grey school trousers
- Navy school crested jumper
- White shirt
- Black/grey socks
- Black/Brown shoes only (**please note that footwear that is not a formal shoe is not be permitted – school management decision on this matter is final**)

<u>Example of runner/trainer that is not permitted:</u>	<u>Example of formal shoe that is permitted:</u>
	

A white tee-shirt or vest may be worn under the white shirt. Coloured tee-shirts are not permitted. Should a student prefer additional layers of clothing, under-layers should be worn. Wearing additional non-uniform jumpers/hoodies/coats etc. *over* school uniform is not acceptable during class times/school events.

Students must wear tracksuit and runners for P.E. classes. Normal school uniform is not acceptable for P.E. In 2020/21 the optional school half-zip may be worn for PE and/or any school sporting events that take place.

Excess jewellery will be confiscated immediately and may be reclaimed from the Principal.

- Female students are permitted to wear one pair of stud earrings
- Male students are not permitted to wear any form of piercings

It is advised that all uniform should be clearly marked with the student's name. CCS does not take any responsibility for misplaced uniform items.

Students attending school without the correct uniform may be offered spare items from the school lost and found if available and are expected to wear these. Students who are not in compliance with the School Uniform Policy are liable to face sanctions, up to and including being asked to be collected from school, until such time as compliance is achieved.

In all cases, school authorities will make a final judgement of what constitutes acceptable standards of appearance. Parents are required to support the school in achieving the correct school uniform.

6.4 Homework

Homework, as a reinforcement of classroom learning knowledge, forms an essential part of effective learning and should be given serious consideration by students and parents. Homework may take many forms: written work, project work, learning/studying/revision, etc.

Students who, in their teacher's judgement, do not attempt their homework to the best of their ability, may receive a demerit on VSWare. Three such homework demerits will result in a lunchtime detention.

6.5 Personal Mobile/Electronic/Smart Devices Acceptable Usage Policy

Coláiste Cois Siúire operates a specific policy around the use of personal mobile/electronic/smart devices which students are considered to be in the school's Duty of Care. 6.7 Lockers

Lockers and school locks (only) are provided for the use of students but are at all times the property of the school. It is a condition of the rental of the lockers that the school reserves the right to access student lockers at any time. Students may be invited to be present during any such access. Individual locker codes are given to each student and should not be shared. Students are not permitted to change these codes. Students are required to keep their lockers securely locked when not in use. Students are responsible for the contents of their designated lockers at all times. 7. Upholding the Code of Behaviour

School rules and the reasons for them are discussed as part of the school's CSPE, SPHE programmes and in other wellbeing-related classes. Issues such as bullying, racism, sexism, harassment, violence, substance use etc. are discussed with the students during their time in school in appropriate forums, using current legislation, current affairs, day to day examples as they arise and outside speakers. The school has also developed policies with regard to these areas and can be accessed on the school website.

Appendix 3 – Health and Safety Control of COVID-19 Policy for students

Coláiste Cois Siúire

Introduction

Under the Safety Health and Welfare at Work Act 2005, the board of management/ETB of [name of School Name] as employer is required to ensure, so far as is reasonably practicable, the safety, health and welfare at work of all employees of the school. The employer is further required to manage and conduct the school in such a way as to ensure, so far as is reasonably practicable, that individuals at the place of work who are not employees, such as students, parents/guardians, visitors to the school, are not exposed to risks to their safety, health or welfare.

This policy is influenced by the need to minimise the risk of introduction of COVID-19 into the school community and to prevent its spread. Although it is acknowledged that no single action or set of actions will completely eliminate the risk of COVID-19 transmission, adherence to this policy will contribute to the reduction of that risk of transmission.

In accordance with this policy students are expected to comply with the standards of behaviour set out in this policy or as directed by the school to prevent the introduction and spread of COVID-19. The COVID-19 control measures are consistent with current advice from the HSE, the Health and Safety Authority, the Department of Education and Skills and the Department of Foreign Affairs and, as such, may be subject to change. Students and parents/guardians will be notified of any changes to the control measures. Students are expected to comply with all directions from school staff in relation to the school's COVID-19 control measures. Any failure or refusal to comply with this policy or to follow instructions of school staff should be dealt with in accordance with the school's Code of Behaviour.

Parents/guardians are required to supply the school with a phone number/s of available person/s who can be contacted at all times and who will be available to collect a student from the school should the need arise.
